I **Muladia Kajal**, a resident of Vinchhia, District Rajkot, Gujarat. I did PTC course to join teaching profession. However, having applied several times for the post of Teacher in primary school, I could not get job as having fallen short of a few marks in qualifying exams.

Through a fellow villager I came to know about NBCFDC Loan Schemes. I visited Gujarat Thakor & Koli Vikas Nigam and obtained application form and applied for. Nigam sanctioned a loan of Rs. 30,000/- under Mahila Samriddhi Yojana.

With the help of this loan, I started Beauty Parlour in the house. Soon the business picked up and enough income started coming. I am repaying all loan instalments regularly. Now, I have been able to support the family in well-organized manner.

My family and I are very grateful to National Backward Classes Finance and Development Corporation and Gujarat Thakor and Koli Development Corporation.
