

Assistance for Conducting Skill Development Training Programme under CSR initiative of REC Limited

REC Limited has sanctioned CSR Project of Rs. 5.34 crores to NCFDC for conducting job oriented skill development training programme for 1600 members of target group in Power sector through Power Sector Skill Council. The objective of the programme is to transform the lives of economically weaker section by providing them skills leading to income generation and economic independence. The training will be conducted as per Common Norms in various NSQF aligned job roles of power sector. After successful completion of the training, assessment of the trainees will be undertaken by an independent third party. Post training and assessment, the trainees will be provided facilitation for placement through various means such as organization of *rozgar mela*/job fair, linkages with the concerned industries etc.
